

Do you know what to do?

Important Emergency Phone Numbers

LSU Police: (225) 578-3231 or 911

The LSUPD is the primary contact for all campus emergencies.

Calls will be routed to the appropriate campus unit and/or local responders.

IN CASE OF FIRE

When the alarm is activated, evacuation is mandatory. • Evacuate the building immediately, closing doors behind you to help contain the fire. • Do not use the elevators. • If possible, take personal belongings with you (keys, purse, wallet, etc.). • Call LSUPD. • Follow directions given by your building's emergency coordinator, fire department, or police. • Help those needing assistance to move from the area. • Do not re-enter the building until authorized to do so by emergency personnel.

HURRICANE/SEVERE WEATHER

Monitor local TV stations, radio stations, NOAA weather radio, weather related Web sites, etc. Updates will also be posted on the LSU Web site at www.lsu.edu and at LSU's emergency hotline, 578-INFO.

• Regularly monitor your supplies in your disaster supply kit. • Evacuate if ordered to do so. If you are essential personnel and have been told you need to report to campus in times of crisis, contact your supervisor for instructions.

MEDICAL EMERGENCY

Call LSUPD. • Provide your name, location, number of people injured, and description of the medical emergency. • Stay on the phone for instructions of what to do.

HOSTILE/ARMED INTRUDER

Call LSUPD. • In case of an immediate life-threatening event, each individual should take whatever actions are necessary to protect his or her own life. • If it is possible to flee the area safely and avoid danger, do so. • If flight is impossible, lock (or barricade) all doors and secure yourself in a safe area. Remain in place until an "all clear" is given by an authorized person or law enforcement official.

CHEMICAL SPILL/HAZARDOUS MATERIALS EMERGENCY

Call LSUPD. • Provide information on the type of chemicals (if known), size of the spill, and possible exposures. • Evacuate the area and the building based on instructions from emergency personnel.

The evacuated area should remain evacuated until an "all clear" indication is given by the appropriate authorities. • Do not leave the area as decontamination may need to be conducted.

How will you be notified of a campus emergency?

Emergency notifications will be sent via Emergency Text Message, broadcast e-mails, and broadcast voice mails (see www.lsu.edu/safety for more information). In addition, emergency information will be posted at LSU's homepage, www.lsu.edu, and delivered through media alerts.

The LSU logo is displayed in a large, bold, white font against a dark background.
